

365 Business Ideas + Tools

One idea a day, and up to ~5 tools to actually build and monetize each - with what each tool is for.

Orange tools = my anchor picks (beehiiv/Kit/systeme.io) where they genuinely fit. Tools are suggestions, not the only option.

A quick, honest note. This guide has affiliate links. If you sign up through them, I may earn a small commission, at no extra cost to you. I only point to a tool when it genuinely fits the idea.

AI note: parts of this guide were put together with AI assistance and reviewed by me.

Tools I can link you to right now (click a name to open the tool): [systeme.io](#) (funnels, courses, email), [beehiiv](#) (newsletter), [ElevenLabs](#) (AI voice). More tools get their links as the site goes live.
